Accessibility Summary Justification

NutritionModels.com – Compiled Windows Desktop Applications

Products Covered: Compiled Windows desktop applications distributed via
NutritionModels.com (see full list in ACR)
Platform: Windows desktop applications (WinForms)
Programming Frameworks: Visual Basic .NET (WinForms) and Visual Basic 6 (WinForms)
Vendor: NutritionModels.com
Contact: nutritionmodels@gmail.com
Date: January 3, 2026

Product Overview

The software products covered by this Accessibility Conformance Report (ACR) are compiled
Windows desktop applications developed and distributed via NutritionModels.com. These
applications support scientific modeling, data analytics, utilities, and educational activities,
primarily in the areas of ruminant nutrition and related computational analyses. All products
covered by this report are implemented using Visual Basic .NET or Visual Basic 6 with
WinForms user interfaces and are intended for use on Microsoft Windows operating systems.

Accessibility Approach

The applications rely on **standard Windows and WinForms controls** for all user interaction,
navigation, data entry, and output presentation. Keyboard and mouse input are supported, and
standard tab-order focus behavior is provided by the Windows operating system and WinForms
framework. Accessibility support for these applications is therefore derived from the underlying
Windows accessibility services and standard control implementations, including compatibility
with assistive technologies that rely on Windows UI Automation and related accessibility APIs.
The software does not implement custom-drawn controls or proprietary interaction frameworks
that would bypass standard platform accessibility mechanisms.

Graphics, Charts, and Non-Text Content

Some applications include charts, plots, or graphical visualizations. These graphical elements are
informational only and are not the sole means of conveying results. Numeric, tabular, or textual
alternatives are always available through reports, data tables, or exported outputs. Formal screen
reader testing of graphical elements has not been conducted; therefore, accessibility for non-text
content is documented conservatively in the ACR.

Applicable Accessibility Standards

An Accessibility Conformance Report has been completed for these applications using the **VPAT® Version 2.5Rev (International Edition)**. The report documents conformance with the following standards, as applicable:

- **WCAG 2.0 Level A and Level AA**, as incorporated into the Revised Section 508 standards
- **Revised Section 508 of the U.S. Rehabilitation Act (2017)**

Criteria related exclusively to web content, multimedia, telecommunications, hardware, or closed-functionality software were determined to be **Not Applicable** based on the desktop nature of the applications.

Evaluation Methodology

Accessibility evaluation was conducted through architectural and functional review of the applications' use of WinForms controls, keyboard operability, input handling, and output mechanisms. The evaluation reflects a **conservative and honest posture**, acknowledging reliance on platform accessibility features and the absence of formal third-party or screen reader testing.

Scope Clarification

This summary and the accompanying ACR apply **only** to compiled Windows desktop applications distributed via NutritionModels.com.

Excel-based products, including the Beef Cattle Nutrient Requirements Model (BCNRM), are explicitly excluded from this report and are documented under a separate Accessibility Conformance Report.

Conclusion

Based on their implementation using standard WinForms controls and reliance on Windows accessibility services, the compiled desktop applications distributed via NutritionModels.com provide keyboard accessibility and compatibility with assistive technologies consistent with applicable WCAG 2.0 Level A and AA criteria and Revised Section 508 requirements, within the context of scientific and analytical Windows desktop software.

NutritionModels.com – Compiled Windows Desktop Applications Accessibility Conformance Report

International Edition

(Based on VPAT® Version 2.5Rev)

Name of Product/Version: Compiled Windows Desktop Applications distributed via NutritionModels.com. This report applies to the following software products (current versions). <u>VB.NET (WinForms)</u>: Ruminant Nutrition System (RNS), Small Ruminant Nutrition System (SRNS), Meal Criterion Calculation (MCC), GnG1 Degradation and Passage Models, Gas Production Fitting System (GasFit), Area and Time Under and Above the Curve (ATAUC), Hay Game (HG), Nim Game (Nim), Personal Vault System (PVS), Document Viewer (DocViewer), and PDFViewer. <u>VB6 (WinForms)</u>: Large Ruminant Nutrition System (LRNS), Cattle Value Discovery System (CVDS), Model Evaluation System (MES), "*Modelo de Composição Corporal de Gado de Corte*" (MCCGC: Beef Cattle Body Composition Model), and Neutral Detergent Fiber Fractional Rate Calculator (NDFkd).

Report Date: January 3, 2026

Product Description: The software products covered by this Accessibility Conformance Report are compiled Windows desktop applications developed and distributed via NutritionModels.com. These applications support scientific modeling, data analysis, utilities, and educational activities related to ruminant nutrition, data analytics, and strategic gaming. All applications are implemented using Visual Basic .NET or Visual Basic 6 with WinForms user interfaces and rely on standard Windows controls for user interaction, navigation, data entry, and output presentation.

Contact Information: nutritionmodels@gmail.com

Notes: NutritionModels.com is operated by Luis O. Tedeschi as an independent software developer and consultant. This Accessibility Conformance Report applies only to compiled Windows desktop applications distributed via NutritionModels.com that use WinForms user interfaces.

Evaluation Methods Used: Accessibility evaluation was conducted through a review of the software architecture, user interface framework, and interaction patterns common across the covered applications. The evaluation focused on the use of standard Windows and WinForms controls, keyboard accessibility, reliance on Windows accessibility services, and availability of non-visual alternatives for graphical outputs. No formal third-party or screen reader testing has been conducted. Accessibility support is based on the

applications' reliance on standard Windows controls and operating system accessibility APIs.

Applicable Standards/Guidelines

This report covers the degree of conformance for the following accessibility standard/guidelines:

Standard/Guideline	Included In Report
Web Content Accessibility Guidelines 2.0	Level A: Yes Level AA: Yes Level AAA: No
Web Content Accessibility Guidelines 2.1	Level A: No Level AA: No Level AAA: No
Web Content Accessibility Guidelines 2.2	Level A: No Level AA: No Level AAA: No
Revised Section 508 standards published January 18, 2017 and corrected January 22, 2018	Yes
EN 301 549 Accessibility requirements for ICT products and services - V3.1.1 (2019-11) AND EN 301 549 Accessibility requirements for ICT products and services - V3.2.1 (2021-03)	No

Terms

The terms used in the Conformance Level information are defined as follows:

- **Supports**: The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.

- **Partially Supports**: Some functionality of the product does not meet the criterion.

- **Does Not Support**: The majority of product functionality does not meet the criterion.

- **Not Applicable**: The criterion is not relevant to the product.

- **Not Evaluated**: The product has not been evaluated against the criterion. This can only be used in WCAG Level AAA criteria.

WCAG 2.x Report

Tables 1 and 2 also document conformance with:

- EN 301 549:
  - Clause 9 - Web
  - Clauses 10.1-10.4 of Clause 10 - Non-Web documents
  - Clauses 11.1-11.4 and 11.8.2 of Clause 11 - Software
  - Clauses 12.1.2 and 12.2.4 of Clause 12 - Documentation and support services
- Revised Section 508:
  - Chapter 5 - 501.1 Scope and 504.2 Content Creation or Editing
  - Chapter 6 - 602.3 Electronic Support Documentation

Note: When reporting on conformance with the WCAG 2.x Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the WCAG 2.1 Conformance Requirements.

Table 1: Success Criteria, Level A

Notes:

Criteria	Conformance Level	Remarks and Explanations
1.1.1 Non-text Content (Level A) Also applies to: EN 301 549 Criteria • 9.1.1.1 (Web) • 10.1.1.1 (Non-web document) • 11.1.1.1.1 (Open Functionality Software) • 11.1.1.1.2 (Closed Functionality Software) • 11.8.2 (Authoring Tool) • 12.1.2 (Product Docs) • 12.2.4 (Support Docs) Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	**Web:** Not Applicable **Electronic Docs:** Not Applicable **Software: Partially Supports** **Closed:** Not Applicable **Authoring Tool:** Not Applicable	**Web:** Not Applicable **Electronic Docs:** Not Applicable **Software:** Some applications include charts and graphical outputs. These visual elements are informational and are not the sole means of conveying results. Numeric and tabular alternatives are always available through reports or data tables. No formal screen reader testing of graphical elements has been performed. **Closed:** Not Applicable **Authoring Tool:** Not Applicable
1.2.1 Audio-only and Video-only (Prerecorded) (Level A) Also applies to: EN 301 549 Criteria • 9.1.2.1 (Web) • 10.1.2.1 (Non-web document) • 11.1.2.1.1 (Open Functionality Software) • 11.1.2.1.2.1 and 11.1.2.1.2.2 (Closed Software) • 11.8.2 (Authoring Tool) • 12.1.2 (Product Docs) • 12.2.4 (Support Docs) Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	**Web:** Not Applicable **Electronic Docs:** Not Applicable **Software:** Not Applicable **Closed:** Not Applicable **Authoring Tool:** Not Applicable	**Web**: Not Applicable **Electronic Docs**: Not Applicable **Software**: The applications do not include audio, video, animation, or flashing content **Closed**: Not Applicable **Authoring Tool**: Not Applicable
1.2.2 Captions (Prerecorded) (Level A) Also applies to:	**Web:** Not Applicable	**Web**: Not Applicable **Electronic Docs**: Not Applicable

Criteria	Conformance Level	Remarks and Explanations
EN 301 549 Criteria ● 9.1.2.2 (Web) ● 10.1.2.2 (Non-web document) ● 11.1.2.2 (Open Functionality Software) ● 11.1.2.2 (Closed Software) ● 11.8.2 (Authoring Tool) ● 12.1.2 (Product Docs) ● 12.2.4 (Support Docs) Revised Section 508 ● 501 (Web)(Software) ● 504.2 (Authoring Tool) ● 602.3 (Support Docs)	**Electronic Docs:** Not Applicable **Software:** Not Applicable **Closed:** Not Applicable **Authoring Tool:** Not Applicable	**Software**: The applications do not include audio, video, animation, or flashing content **Closed**: Not Applicable **Authoring Tool**: Not Applicable
1.2.3 Audio Description or Media Alternative (Prerecorded) (Level A) Also applies to: EN 301 549 Criteria ● 9.1.2.3 (Web) ● 10.1.2.3 (Non-web document) ● 11.1.2.3.1 (Open Functionality Software) ● 11.1.2.3.2 (Closed Software) ● 11.8.2 (Authoring Tool) ● 12.1.2 (Product Docs) ● 12.2.4 (Support Docs) Revised Section 508 ● 501 (Web)(Software) ● 504.2 (Authoring Tool) ● 602.3 (Support Docs)	**Web:** Not Applicable **Electronic Docs:** Not Applicable **Software:** Not Applicable **Closed:** Not Applicable **Authoring Tool:** Not Applicable	**Web**: Not Applicable **Electronic Docs**: Not Applicable **Software**: The applications do not include audio, video, animation, or flashing content **Closed**: Not Applicable **Authoring Tool**: Not Applicable

Revised Section 508 Report

Notes:

Chapter 3: Functional Performance Criteria (FPC)

Notes:

Criteria	Conformance Level	Remarks and Explanations
302.1 Without Vision	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.
302.2 With Limited Vision	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.
302.3 Without Perception of Color	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.
302.4 Without Hearing	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.

Criteria	Conformance Level	Remarks and Explanations
302.5 With Limited Hearing	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.
302.6 Without Speech	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.
302.7 With Limited Manipulation	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.
302.8 With Limited Reach and Strength	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.
302.9 With Limited Language, Cognitive, and Learning Abilities	Supports	The applications rely on Windows accessibility services to support users with visual, auditory, motor, and cognitive disabilities. Keyboard access and standard control behavior are supported.

Chapter 5: Software

Notes:

Criteria	Conformance Level	Remarks and Explanations
501.1 Scope – Incorporation of WCAG 2.0 AA	See WCAG 2.x section	See information in WCAG 2.x section
502 Interoperability with Assistive Technology	Heading cell – no response required	Heading cell – no response required
502.2.1 User Control of Accessibility Features	Supports	The applications use standard Windows controls and do not override or interfere with assistive technology interoperability.
502.2.2 No Disruption of Accessibility Features	Supports	The applications use standard Windows controls and do not override or interfere with assistive technology interoperability.
502.3 Accessibility Services	Heading cell – no response required	Heading cell – no response required
502.3.1 Object Information	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.2 Modification of Object Information	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.3 Row, Column, and Headers	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.4 Values	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.5 Modification of Values	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.6 Label Relationships	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.7 Hierarchical Relationships	Supports	Accessibility-related user preferences are managed through the Windows operating system.

Criteria	Conformance Level	Remarks and Explanations
502.3.8 Text	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.9 Modification of Text	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.10 List of Actions	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.11 Actions on Objects	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.12 Focus Cursor	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.13 Modification of Focus Cursor	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.3.14 Event Notification	Supports	Accessibility-related user preferences are managed through the Windows operating system.
502.4 Platform Accessibility Features	Supports	Accessibility-related user preferences are managed through the Windows operating system.
503 Applications	Heading cell – no response required	Heading cell – no response required
503.2 User Preferences	Supports	Accessibility-related user preferences are managed through the Windows operating system.
503.3 Alternative User Interfaces	Supports	Accessibility-related user preferences are managed through the Windows operating system.
503.4 User Controls for Captions and Audio Description	Heading cell – no response required	Heading cell – no response required

Criteria	Conformance Level	Remarks and Explanations
503.4.1 Caption Controls	Supports	Accessibility-related user preferences are managed through the Windows operating system.
503.4.2 Audio Description Controls	Supports	Accessibility-related user preferences are managed through the Windows operating system.
504 Authoring Tools	Heading cell – no response required	Heading cell – no response required
504.2 Content Creation or Editing (if not authoring tool, enter "not applicable")	See WCAG 2.x section	See information in WCAG 2.x section
504.2.1 Preservation of Information Provided for Accessibility in Format Conversion	Not Applicable	These applications are not authoring tools intended for producing content for distribution.
504.2.2 PDF Export	Not Applicable	These applications are not authoring tools intended for producing content for distribution.
504.3 Prompts	Not Applicable	These applications are not authoring tools intended for producing content for distribution.
504.4 Templates	Not Applicable	These applications are not authoring tools intended for producing content for distribution.

Chapter 6: Support Documentation and Services

Notes:

Criteria	Conformance Level	Remarks and Explanations
601.1 Scope	Heading cell – no response required	Heading cell – no response required
602 Support Documentation	Heading cell – no response required	Heading cell – no response required
602.2 Accessibility and Compatibility Features	Supports	Documentation is provided in PDF and HTML formats, and support is provided via email using standard electronic communication tools.
602.3 Electronic Support Documentation	See WCAG 2.x section	See information in WCAG 2.x section
602.4 Alternate Formats for Non-Electronic Support Documentation	Supports	Documentation is provided in PDF and HTML formats, and support is provided via email using standard electronic communication tools.
603 Support Services	Heading cell – no response required	Heading cell – no response required
603.2 Information on Accessibility and Compatibility Features	Supports	Documentation is provided in PDF and HTML formats, and support is provided via email using standard electronic communication tools.
603.3 Accommodation of Communication Needs	Supports	Documentation is provided in PDF and HTML formats, and support is provided via email using standard electronic communication tools.
